EDUCATION

James Madison University

2022 - 2026

- B.S. in Computer Science
 - Minor in Mathematics
 - Minor in Data Analytics
 - GPA: 3.6/4.0
-

RELEVANT EXPERIENCE

- Built a Flask + SQL database-driven web application to import and normalize a large flora and fauna dataset, model relationships with an EER diagram, and support dynamic querying.
 - Built and deployed a client-side Spotify design web app using JavaScript, CSS, HTML and the Spotify API, allowing users to see their top artists/albums/songs, and manage Spotify widgets.
 - Developed a library management web app using Python/Django to organize books, authors, genres, and languages in a full-stack web development course.
 - Contributed as a full-stack developer to the MusicCPR.org research project using Django (Python) and React (JavaScript), helping music teachers collect individual student achievement data.
 - Built and deployed TASync, a full-stack scheduling web app with Django, React, and PostgreSQL, enabling teaching assistants to schedule, swap, and view shifts
 - Designed systems-level programs in C, including a Unix-style shell, client-server connections, and memory/file I/O at the OS level.
-

ADDITIONAL EXPERIENCE

Hanover County Parks and Recreation

May 2022 - August 2025

Recreation Aide - Temporary Recreation Supervisor

- Created daily activity plans (including games and art projects) with a team of staff
- Led groups of campers (ages 5-13) on field trips to amusement parks, waterparks and attractions
- Partnered with supervisors to resolve any problems that take place at camp

JMU University Recreation

August 2025 - Present

Member Services Assistant

- Assisted UREC members with services such as check-in, guest passes and equipment checkout
- Maintained a safe and welcoming environment for all participants who entered the facility
- Managed locker contracts and reservations for various UREC facilities

JMU madiSTEM

March 2025

Support Crew

- Ensured safety was maintained among participants throughout the conference.
 - Fostered interest in STEM fields and careers through engagement during high-quality hands-on science, technology, engineering and math workshops.
-

INVOLVEMENTS AND CERTIFICATES
